

Happy Mothers Day to all the mothers of our parish. In this beautiful month of May, we pray that through the intercession of Mary, Mother of God, the Lord will bless all those who have experienced the joys of motherhood. We pray that all Moms will have the wisdom needed to nurture and care for their children. We also pray for all expectant mothers that they experience safe births for their children. We keep in our prayers all those Moms who have lost babies and children that they may have strength and peace from God.

As I announced several weeks ago, the Financial Feasibility Study was done this past week by Federico Associates. We were testing the feasibility for building a new church. The renderings for a proposed new church are available for viewing by all parishioners in Church this Sunday. These renderings were prepared by Casaccio Architects. Please note that these are renderings and that much more work and detail would be needed for the interior of the proposed church if we move forward.

We will have the results of the feasibility study in four to six weeks. Be on the watch in the parish bulletin for a date for a town hall meeting where the results of the study will be shared with the parishioners. This will probably be held sometime in June. All will be welcome to attend.

In the meantime if anyone has any questions, comments or concerns, please feel free to speak with me about them. In case you have missed the previous information and updates given over the past year, please see the parish website under **Church Exploratory Committee**. All of my columns written about this process and during this process are located there.

God Bless You All!

Monsignor Lynn
